

Parent/Guardian Feedback

28/01/2026

Dear Parent/Guardian,

Ringsend College is currently undertaking a strategic planning process which will determine the direction of the school over the next three to five years. To ensure we are meeting the needs of the community we serve, it is essential that we gather feedback from parents and guardians.

In the coming days, you will receive a text message inviting you to take part in a short survey. This survey will contain two key elements. The first part will seek feedback on the iPad trial currently taking place with 1st Year students, while the second part will gather feedback across a wider range of areas relating to the services and provision of our school. All questions will be optional and anonymous, and your feedback will directly inform school planning and decision-making in the coming years.

iPads and cost implications

As part of Ringsend College's ongoing commitment to improving teaching and learning, we have commenced a short iPad trial programme with 1st Year students.

The purpose of this initiative is to evaluate how iPads can support student learning in a meaningful, structured, and consistent way. If the trial is successful, it is our intention to move towards a whole-school iPad programme on a phased basis, in line with national developments in education and assessment. Please note that no decision has been made at this stage, and parent/guardian feedback will be central to any next steps.

As you are aware, Ringsend College does not currently charge fees to parents/guardians. However, if we proceed with the phased deployment of iPads, there would be a cost to families. While we are still working to identify the best-value option, we anticipate that a three-year payment plan would be available to support affordability.

Thank you for your continued support,

Jonathan Walker
Principal

Dylan Kershaw
Deputy Principal
